

WHAT IS THE EDUCATION & CAREER EXPO?

For more than 10 years, the EXPO has been a community-wide effort by businesses, educators, and community leaders working together to help Valley high school students prepare for career success. The partners come together to provide students with information about career opportunities available in the Rio Grande Valley and the educational institutions providing programs of study for those careers.

The goal of the EXPO is to help our future workforce chart a career course by providing relevant and accurate information.

Presented By:

Associated General Contractors RGV • City of Harlingen • Harlingen Community Development • Harlingen CISD Parental Involvement • Harlingen Manufacturers Association • Harlingen Performing Arts Theater • Region One ESC • RGV LEAD • Texas A&M University • TSTC Harlingen • Texas Valley Communities Foundation • UTRGV • TSC • STC • Workforce Solutions Cameron

Education & Career EXPO
October 8, 2015

Engaging high school students in college-and-career focused learning opportunities in order to prepare skilled employees for today's workforce.

EXPO ACTIVITIES

1

Students visit hands on interactive business and college displays to learn about career opportunities.

2

Students visit with Colleges & Universities to learn about their programs of study within targeted career fields.

3

Students compete in the EXPO College Knowledge Game.

4

Students hear from motivational speakers to prepare for college and career success.

HOW TO GET INVOLVED

We invite your organization to become an exhibitor and/or a sponsor of the Education and Career EXPO. In return for your contribution, your organization/business will receive exposure and visibility on marketing materials. We are hoping you will join us in making the Education and Career EXPO successful through your support of this event.

Visit our website to register:
